

## **Michael Tranfo Architect LEED Accredited Professional**

Michael Tranfo, Friday Harbor Architect, recently passed the Leadership in Energy and Environmental Design (LEED) examination to become a LEED Accredited Professional. The certification, administered through the United States Green Building Council (USGBC), distinguishes building professionals with the knowledge and skills to successfully steward the LEED Certification process. LEED Accredited Professionals (LEED AP) have demonstrated a thorough understanding of green building practices and principles and the LEED

Green Building Rating System. He is the first architect in the county with these credentials. Michael has been designing homes for almost thirty years, and is the sole practitioner at Michael Tranfo Architects LLC a full service architectural firm located for the last fifteen years on San Juan Island, Washington.
